about: InTraum

Intraum, In traum, mein Traum, Alptraum, Traum.
Eine Annäherung an die Weiblichkeit, wortwörtlich bloß durch das Auge der Kamera gestellt, der Apparatur die mein drittes Auge darstellt, mein unbestechliches, unabhängiges, unverschämtes Auge.
Es handelt sich nicht nur um eine voyeuristische Annäherung an die Weiblichkeit, sondern auch um eine Hommage an diese, eine Hommage an die Schönheit, an die innere Anmut, dem „Objekt " angeboren, dem Objekt das in Wirklichkeit Subjekt ist, das sich dem aufdringlichen Blick, der Berührung des technischen Auge hingibt, eine kalte Berührung aus Glas und Metall, die warm und lebendig durch den Subjekt wird, dessen sie sich aneignet, ohne es wirklich zu besitzen, der es für ein kurzes Moment erlaubt ist zu berühren, die warme Plastizität des Models.
